Dear Valued Parents,

It is a well known fact that Inter-country adoption has been a best alternative for the relocation of the orphan child all over the world but the issues deep engraved in this field has been the serious issues in Nepali context recently. Also recently more than 12 countries including Canada, USA, Italy, Germany etc. have suspended adoption from Nepal identifying the irregularities involved like fake documentation and financial in-transparency.

Being a responsible authority for carrying out inter-country adoption in Nepal, it is our duty and responsibility to dig out the engraved issues in this field. We are carrying out a miniature research to find out the real problem underlying the adoption in Nepal. The objective of this research is to identify the current issues and problems striking the adoption process in Nepal. By this research's findings, we are looking up to amending the policies and procedures of Inter-country adoption of Nepal as per the requirement.

In this context, the reason for you being emailed is that you have already adopted a Nepali children, and none other than you would know how you felt, how satisfied you were or unsatisfied, what were the problems you encountered with etc.

We have a list of questions for the adoptive parents which would come up with some of the very crucial information that we need for the analysis and recommendation. So we pledge you to fill up the questionnaire and return via the same address and support us in this regard.

Thanking you and looking forward to receive your support.

Note: This research is being carried out under Ministry Of Women, Children and Social Welfare

5. What is the procedure of adopting child between your country and Nepal?

6. How long did it take to complete the process?

7. Did you face any legal difficulties while adopting your child? Specifically from your country and Nepal.

8. What was the condition of your child when you first met him/her?  
(mental/physical condition)

9. What is the total amount of money that you spent for adopting a single child?  
(It is just to compare the differences on the price that agencies and different country charge parents)

- Total amount you paid just for adoption:

- To the French government:

- To the Nepali Government:

- To the Orphanage where your child was residing:
- To the agency:
- Any other expenditure:

10. Were you asked for the extra donations and support from any organization? How much did you donate?

11. What is your opinion about the costs involved? Is it reasonable for you?

12. Any suggestions to make the adoption process more effective and trustworthy especially in case of Nepal.

\*Note: If possible please provide a picture with you and your adopted child

Thank you! Your support will be acknowledged.
